HAPPENINGS ABOUT CITY TOLD IN BRIEF

Miss Ella Berryman, Miss Virginia Paige are spending the month of August in New Rochelle, N. Y.

Miss Katherine Paige, of 118 North Patrick street, has gone on a motor trip to Atlantic City.

Mr. Lewis H. Machen, a former resident, now located in Richmond, is visiting here.

Miss Janet Clark a nurse at the Alexandria Hospital, is spending a three weeks' vacation in Del Ray.

Mr. and Mrs. Julian D. Knight and family accompanied by Mr. Knight's mother, left today for a motor trip to Colonial Beach.

A special meeting of the Columbia Fire Engine Company will be held at 8 o'clock tonight at the company's house.

Master J. Gardner Watson is spending the month of August as the guest of his aunt, Mrs. Thomas Chapman, Mountain View, Warren County, Va.

While playing ball Sunday afternoon Bradley Kidd had one finger of his right hand so badly mashed that it was amputated yesterday at the hospital by Dr. Llewellyn Powell.

Mrs. Raymond Hulfish and her daughter, Miss Laura Hulfish, and Miss Florence J. Evans are stopping at The Breakers, Ocean City, Md.

The alarm of fire shortly before 9 o'clock this morning was caused by the explosion of a gasoline stove in the residence of Mrs. Florentine Smoot, 509 Queen street. The damage was slight.

Cadet William J. Morton, of West Point, will spend the week-end with his parents, the Rev. Dr. William J. Morton and Mrs. Morton, at their home in North Washington street. The third class of West Point is spending the summer at Camp Dix, N. J., and will return in a few weeks to the academy.

Mrs. Mollie A. Tancil, a well known and highly respected colored woman, died yesterday in Washington after a long illness. She was the mother of Herbert Tancil, the barber. The body was taken to her late residence 1012 Oronoco street and her funeral will take place at 2 o'clock Monday afternoon from the Alfred Street Baptist Church.

The annual picnic of the Del Ray Methodist Sunday School will be held at Great Falls, Virginia, on Tuesday, August 10th. Special cars will leave Alexandria Junction, Hume Avenue Station at 9:30 a. m., and returning will leave the Falls at 8:30 p. m. Anyone desiring to join the Sunday School on this occasion may obtain tickets at the Sunday School on Sunday morning or from Mrs. Yates, Mrs. Varney and Mrs. Spivey, in Del Ray.

SLASH BOY'S TONGUE IN GAME OF "TERROR"

Baltimore, Aug. 6.—Twelve-year-old John E. Ayres, jr., went home today stabbed through the tongue by members of the Frog Island gang, who had attempted to cut his tongue out.

The boy was waiting for the playgrounds at Riverside Park to open, he said, when several members of the Frog Island gang, a coterie of young incorrigibles, came up, seized him, and then discussed the best way to torture him. They finally decided to cut out his tongue, and accordingly, one of them choked him until that member protruded. When the knife was produced John struggled so terrifically that he wrested himself free, but not until his tongue had been stabbed completely through.

Eight warrants for members of the gang have been issued.

DIED—On Thusday, August 5, 1920, in Washington, MRS. MOLLIE A. TANCIL, beloved mother of Herbert Tancil. Funeral at 2 p. m., Monday, August 9 from the Alfred Street Baptist Chuch. Friends and relatives invited to attend.

SCOTCH WHISKY KING

New York, Aug. 6.—Prohibition is all wrong!

Lord DeWar, friend of Sir Thomas Lipton, and the latter's guest for the international yacht races, says so, and Lord DeWar should know. He makes Scotch whisky by the thousand barrels.

"I have studied prohibition carefully since I have been over here, and it is all wrong, really now," his lordship said today as he embarked for his own native, "tight little Isle."

"I find that is too severe and that it encourages law breaking," he added.

"In England, now, we are going at the problem in a different way. We close the saloons for several hours each day, and this is having a salutary effect on drunkenness. There is great improvement noticeable already."

Charles Nicholson, designer of Sir Thomas Lipton's Shamrock IV., also returned to England on the Olympic today. Before sailing he declared himself in favor of identical designs for the next international racers, to overcome handicaps, which, he said, interfere with public interest in the races.

Wrong Auto

Chas. Johnson, Colored, Lands in Cell For Mistake

Charles Johnson, colored, fifteen years old, who lives near Culpeper, Va., says he got into the wrong automobile through a mistake last night when he entered the limousine of Preston O. Cockey and the mistake resulted in Johnson being arrested and locked up by Policeman Rawlett.

The lad says he came here yesterday in an automobile with a white man from Culpeper. He thought he says that Mr. Cockey's machine was the one he came here in. He was in the act of cranking the machine when Mr. Cockey grabbed him and held him until the police arrived.

To Reopen Sept. 13

School Board Makes Arrangements For Re-Opening of Public Schools

The public schools of this city will reopen for studies September 13. This date was fixed upon last night by the city school board. Work of issuing permits for children to attend the schools will begin September 7.

It was decided by the board to have permits issued September 7 and 8 to white children and to colored children September 9 and 10. The permits will be issued by the clerk of the school board at Lee School building at the usual hours.

Since the closing last June the schools have been given an overhauling and everything is being made ready for the re-opening.

This session the school authorities expect even a large attendance than last year's session.

The new public school for colored children will be occupied at this session by the boys and girls.

MACHINE TOPPLES INTO FOUR MILE RUN

Stolen In Washington Last Night From W. B. Dunton

DRIVER ESCAPES

First Thought Thief Had Gone to His Death in Machine—Run Dragged Without Success

After dragging the Four-mile run from 1 o'clock this morning until 3 o'clock this afternoon in search for the body of a man supposed to have been drowned last night in the run when a big touring car stolen from Washington toppled into the run the harbor police boat crew reported they were unable to find any trace of the body.

The Washington police this afternoon stated to a representative of the Gazette that they felt confident that the driver of the machine did not lose his life when the machine left the road. They will now use their efforts to find the thief.

The first report of a car being in the run was received by the police of this city and Sergt. W. J. Wilkinson accompanied by a number of members of the force motored out to the run. The message was received from William Shively, a yardman employed at the Potomac yards.

The sergeant obtained the number of the car, the hood being protruding out of the water and also found a letter addressed to Dunton, the owner. He communicated with the Washington authorities at once and they had a report that the car was stolen from in front of the Cosmos theatre about between 10 and 11 o'clock last night.

Later the sergeant returned to Alexandria and accompanied by the owners of the Central Garage and others a party was formed and the machine removed from the water.

Those present felt confident that the driver of the machine was beneath it. This, however, proved incorrect. When the machine was raised its lights were burning and its motor running.

Soon afterward the harbor police boat came down and the run was dragged until 3 o'clock this morning and then discontinued and resumed again about 7 o'clock without success.

The machine today was restored to Mr. Dunton considerably damaged.

The automobile at the time was speeding toward Alexandria and it is believed by automobilists that it must have been going either thirty-five or forty miles an hour when it plunged over the culvert a distance of about fifteen feet into ten feet of water at that point.

The opinion prevails that the driver of the machine evidently jumped to safety just before the machine plunged.

PONZI TO START COMPANY

Makes Announcement After Conference With Securities Agents

Boston, Aug. 6.—Charles Ponzi whose alleged manipulations of international reply coupons have netted huge profits for himself and his investors, announced today that on Monday next he would start a new company, to be known as the Charles Ponzi Company. He made this statement at the end of a three-hour conference with three men whom he described as representatives of the Commonwealth Trading and Securities Corporation, of New York. He refused to discuss the details of the proposed new organization.

PORTNER WILL CASE

Mrs. W. P. Meredith of Washington Given Property Worth Quarter of Million Dollars

Mrs. William Payne Meredith prominent in Washington society and whose home is one of the finest in Chevy Chase, will receive property in the District and Virginia valued at more than $250,000 by the decision reached yesterday in the trial at Manassas, Va., of the Paul V. Portner will contest.

Arguments of the attorneys were concluded at 4 o'clock and in less than thirty minutes after the case went to the jury the decision favoring Mrs. Meredith, sister of the dead man, was reached. More than eighty were examined.

The property conveyed to Mrs. Meredith by the will includes a share in the Portner apartment house, Fifteenth and U streets northwest; the Alexandria Feed and Milling Company at Alexandria, and "Annaburg" the 2,000-acre farm adjoining Manassas. The original estate is valued at $1,500,000.

The contestants to the will based their action upon the general statement that Paul Portner was in an unsound state of mind at the time the will was executed, and that at the time he was at Emergency Hospital recovering from an attack of acute alcoholism. The will was executed two years prior to his death.

Contesting the will were Mrs. H. D. Flood, wife of Representative Flood, Mrs. Palmer Derby and Oscar C. Portner, of Washington; Mrs. Alma H. Portner and Mrs. A. L. Hines, of New York City, and A. O. Portner, of Baltimore. All were brothers or sisters of the deceased.

Notice of appeal to the State Court of Appeals has been filed.

RIOTS RULE DENVER

Gun Battles and Fist Fighting Mark Attempts to Run Street Cars

Denver, Col., Aug. 6.—A score of persons were injured, the plant of the Denver Post, an afternoon newspaper was wrecked and four street cars were destroyed in rioting which followed an attempt to operate cars on the Denver tramway system with strikebreakers last night. Hundreds of shots were fired during the rioting.

Early in the rioting Chief of Police Armstrong was struck on the head and rendered unconscious. A patrolman was wounded by a pistol shot and five other policemen were clubbed.

The hardest fighting occurred when the mob stormed two street cars manned by strikebreakers at Fifteenth and California streets. A strikebreaker fired a shot which was the signal for an exchange of bullets. The cars were wrecked and the crew unmercifully beaten.

Gun battles and fist fights were responsible for many casualties:

Fifteen of the more seriously wounded were in hospitals.

Two of these, it was said, would die.

The first outbreak occurred when sympathizers of striking car men attacked two street cars being operated by strikebreakers. The men had been on strike five days.

A demonstration had been staged at the City Hall in protest against operating cars with strikebreakers.

After speeches had been made the crowd became unruly and broke up into several mobs, which began parading through the streets.

Men in khaki uniforms were among the leaders.

Before 10 o'clock the mob entered the Post Building, demolishing the valuable printing presses and linotype machines. The police had answered the calls for assistance, and the fire department, after arriving did nothing to disperse the mob.

It had been impossible to get into communication with State officials to ask assistance from the military forces. Every window and desk in the business office and editorial rooms have been demolished.

L. H. THOMPSON DIES SUDDENLY

Veteran Journalist Victim of Paralysis Early Today

POLICE COURT JUDGE

Once Mayor of Alexandria—Over Half Century on Gazette—Death Shock to His Many Friends.

Luther H. Thompson, seventy-three years old, chief editorial writer on the Alexandria Gazette, police justice of the city and a former mayor of Alexandria, died suddenly at 7:45 o'clock this morning at his residence, 501 South Fairfax street. Death was due to paralysis.

Mr. Thompson was stricken while in his bed at 5:30 o'clock this morning and at 6:30 o'clock apparently regained consciousness for a few moments and expired at the foregoing hour surrounded by members of his family.

Dr. T. M. Jones was summoned and remained with him until the end came.

It is thought that the paralysis effected the brain. Mr. Thompson had not been ill, being in his usual health when he retired last night.

The deceased besides his wife who was a Miss Mary R. Wallace, of Washington, is survived by three daughters and five sons as follows: Mrs. Wellington Crockett, Miss Lelia Thompson and Miss Helen Thompson and Messrs. Heber, Elmer, Edgar, Russell and Luther Thompson.

He also is survived by the following sisters and brothers: Mrs. Maria Moore, this city; Mrs. Emma Heishley, Washington; Miss Mildred Thompson, Alexandria; Mrs. Elizabeth Hoffman, Washington, and Edgar F. Thompson, Washington.

For a period of two years Mr. Thompson served as mayor of the city, being elected mayor by the city council August 30, 1895, to succeed the late John G. Beckham who resigned.

Mr. Thompson for many years was a member of the School Board, and clerk of the board of aldermen and he became police justice of the city in 1917 succeeding Harry B. Caton, resigned. Some time ago he was reappointed to that position by Judge L. C. Barley for a second term. Upon assuming the duties of police justice Mr. Thompson resigned as clerk of the board of aldermen.

The deceased also for many years was magistrate and frequently served as a police justice before being appointed to that office. Mr. Thompson was actively identified with the church and Sunday School work of the Second Presbyterian Church, being a helder in that church

The deceased was a printer by trade and learned his trade on the Alexandria Gazette. In point of service he was the oldest journalist in the state of Virginia, having served fifty-nine consecutive years on the Alexandria Gazette. Starting in as a newsboy he afterward formed a liking for printer's ink and soon became an apprentice on that paper. After a number of years he became city editor under the late Harold Snowden and when the paper changed hands several years ago he was made chief editorial writer which position he filled at the time of his death.

Mr. Thompson was on the Gazette for nearly sixty years, having rounded out his fifty-ninth year last Christmas on which occasion he was presented with a handsome gold watch by the citizens of Alexandria as a token of the esteem in which he was held. A speech of presentation on that occasion was made by M. B. Harlow and a suitable response was made by Mr. Thompson.

The deceased enjoyed the confidence and esteem of the entire community and the announcement of his death came as a distinct shock to his many friends throughout the city today.

As police justice he collected more fines for the city of Aexandria than ever before in the history of the city and by his fairness to all concerned won the confidence and esteem of all with whom he came in contact, especially the members of the bar association of the city.

ACCIDENTAL SHOOTING

William Carter, colored, who lives in Fairfax county, several miles below Alexandria, shortly before 7 o'clock last night accidentally shot Gabriel Williams, colored. The affair it is stated was purely accidental. Carter at once came to Alexandria and gave himself up to the police. He, however, was released on his own recognizance.

Chief oGods interviewed the man shot and corroborated Carter's statement that the affair was accidental. Williams is at the Alexandria Hospital with a bullet wound through his intestines.

The shooting took place at Miller's brickyard in Fairfax county, several miles below this city.

POLISH SITUATION

Warsaw, Aug. 6.—The fortress of Lomza has been taken by the Bolshevists, and on the other flank of the northern front they are across the Bug River on a wide front. In the vicinity of Brest-Litovsk they have captured Ostrow, which is fifty miles northeast of Warsaw and are advancing southward.

London, Aug. 6—The North Sea squadron of the British fleet has been ordered to the Baltic Sea according to the Daily Herald.

Secretary of State Bainbridge Colby has given authority to the American envoy, John C. White, in charge of the legation at Warsaw, to quit the Polish capital.

WIDE WHITE SLAVE RING

Inn Owner and Assistant First Arrests for Abduction of 15 Year Old Girl

Chicago, Aug. 6.—Detectives were busy in many directions today uncovering the ramifications of what appears to be a highly organized ring of white slavers. Michael Salent, owner of the notorious Fox River Inn, and Ralph E. Wallace, an assistant, are the only men so far arrested, although the net will bring in several others as the investigation proceeds.

These men are charged with the abduction of 15 year old Virginia Novak and her forcible detention in the Fox River Inn. Miss Novak was employed in a factory when the mother had become ill very suddenly and had sent them after her. She was driven in an automobile first to Waukesha and thence to the Fox River Inn, but finally escaped, more dead than alive, while her captors were drunk, to Milwaukee where her mother found her after six months of frantic search. She was ill destitute and in wretched mental and physical condition when found in a rooming house, and feared to ask for assistance to communicate with relatives or friends, with the threat of death hanging over her.

In her story she tells of six other girls who shared her fate and mentions the name of a detective-sergeant, who will be rigidly investigated by the Federal authorities.

PRESIDENT AND WIFE JOG ALONG IN SURREY

Washington, Aug. 6.—Leaving the big White House limousine in the garage, President and Mrs. Wilson went riding yesterday afternoon in an old-fashioned surrey drawn by two easy going sorrels. A driver and secert service man occupied the front seat of the vehicle as it went jogging through the streets of Washington, while behind, in a slow-traveling electric car, were other secret service men.

It was the first time the President had used the surrey since the "fuelless days" of Dr. Harry Garfield, wartime Fuel Administrator. When pleasure riding in automobiles was banned from time to time during the war, the President and Mrs. Wilson utilized horsepower for their afternoon jaunts.

Apparently the President wanted a quiet, restful ride yesterday afternoon, and the surrey was dusted off, howill fi fdbgz mft wwkb iorr ohr

Berlin, Aug. 6.—The German government is determined to prevent by all means the entente from sending troops through Germany to help Poland, according to a declaration made in the reichstag today by Dr. Walter Simons, the foreign minister.

He was a member of Andrew Jackson Lodge of Masons.

As a mark of respect to the deceased, the front of police headquarters was today draped in mourning.

Make Some Gains There Bolsheviki Steadily Draw Nearer to Warsaw

MUNITIONS ARRIVE

French Artillery Also Reaches Front, And French Officers Aid in Defense Plans.

Warsaw, Aug. 6.—Russian soviet armies driving against the Polish lines defending Warsaw are maintaining an average progress of six miles per day in the direction of this city.

They are being held in the south, however and in some places are being pushed back from the districts east of Lemberg, which is one of the objectives in their present campaign.

Today's official statement, issued at General staff headquarters, declares the Poles have retaken the town of Brody, near the Galician frontier, and have forced the Bolsheviki back into Russia in the region of Radzivilow, northeast of Brody.

American aviators fighting with the Kosciuscko—squadron are battling against General Budenny's cavalry and infantry along the Sereth River, where the soviet forces have not made any headway. Parts of this squadron were engaged all day yesterday near Miklicze, where they met Cossacks and Bolshevik infantry. The losses suffered by the enemy in this district were very heavy, today's official statement saying 1600 Bolsheviki were killed and large numbers were wounded.

Poland strained every ounce of her reserve power yesterday to checkmate the Bolsheviki in the game, on the result of which depends the fate of the new republic. Men in whose hands rests the destiny of Poland assembled at various conferences throughout the day, and taking a leading role in all decisions were the British, French and Italian missions.

Munitions recently unloaded at Danzig by the British were arriving during the day, and tanks, rifles and artillery from France were rushed to the front. French officers are arriving daily to act at technical advisers at Polish general headquarters in the preparations for Warsaw's final stand against the invaders.

There was no let-up in the fighting particularly along the northeastern and eastern sectors, where the Soviet forces were gradually moving toward Warsaw. Negotiations for an armistice seem to have stimulated the Bolsheviki who, with the exchange of notes between Warsaw and Moscow Governments, began their drive with new vigor.

Newspapers of this city were still confident and expressed great hopes in the volunteers now facing the enemy. Some wounded men from these detachments have already arrived here, many of them being boys who left school when the country called its men to arms against the Soviet armies.

The Municipal Council of Warsaw has appointed a Council of Defense, it was announced today. A Warsaw home

LUTHER THOMPSON

The dean of Alexandria's newspaper profession has passed on to the reward of his sixty years of faithful service as reporter and editorial writer. With him dies much of the unwritten history and folk lore of our city concerning which it was his custom to write for the entertainment of our readers. His life was intertwined with the history of Alexandria as perhaps no other living man. His connection with this paper began in the dark days of 1859 and recently his fellow citizens presented him with a token in celebration of his 60th anniversary as a member of the Gazette staff. He first held public office as a member of the Board of Aldermen and later was elected and served as mayor of the city. After retiring from the office of Mayor he held the office of Justice of the Peace in the First Ward, for many years. In 1917 he was appointed by Judge Barley to the office of Police Justice and reappointed during the present year for a four year term.

He was to the day of his death an efficient and faithful officer; a jealous guardian of the rights and traditions of his beloved city; an ever true and loyal friend; a devoted and consistent church member and a rare christian gentleman of the type that is only too rapidly becoming extinct.

No man walked in his daily life more ready to meet death than Luther H. Thompson. And those who mourn his departure may take comfort in the knowledge that he was ever prepared to face the bar of divine justice. Death came to him in that unexpected painless fashion that is the hope of every true and ready pilgrim; and the constant dread and menace of the unprepared.

He will need no advocate in that final trial of the life of man. The spotless page of his life's achievements, bespeaks for him eternal rest and peace with the spirit of the departed friends who await him beyond the vale.

REPUBLICANS AND LIVING COSTS

If Mr. Harding is elected he is going to reduce the cost of living. Congressman Slemp, of Virginia, says so. He does more; he tells us how it is going to be done. If the country shall elect Mr. Harding and a Republican Congress the former will immediately call a special session of the latter and it will pass four bills. It will revise, and possibly entirely repeal, the excess profits tax, which is described as "the chief cause of the high price of everything today." It will abolish the Government tax on freight and passenger traffic. It will increase the tariff schedules, "and will thereby not only decrease the tax burden now falling on this country by about $2,000,000, but will protect industries and American labor, which need protection from low paid foreign competition." Congress will materially "modify the [illegible] a very considerable reduction in them."

This program proposes to reduce or repeal taxes on excess profits, freight and passenger traffic and incomes. The public debt is over 24 billion dollars, and interest must be paid on it, and there ought to be some reduction of the principal every year. Yet we have got to have a large army and navy, because the Republican Senators are keeping us out of the League of Nations, and we cannot co-operate with other natins in the reduction of armaments. The Republicans cannot and will not materially reduce taxes.

The proposed change in the tariff duties would merely transfer a vast sum of money from the public Treasury to private pockets. What is meant by "protecting industries and American labor from foreign competition" is that American manufacturers will be enabled to charge more for their products. The foreign goods will be kept out, and the prices of domestic goods will be raised. The consumers will pay as much or more, but they will pay it to private interests instead of the Treasury, and if the Treasury does not get that revenue from customs it will have to get it from some other source.

During the past year, when the high cost of living was an appalling burden on everybody, and William Wood's woolen mills were making a profit of almost $40 per share of common stock, the imports of foreign textiles increased and had a little effect in checking the prices of clothes. Mr. Slemp promises that this will be changed by a Republican Congress; no foreign goods will have a chance to get in, therefore the domestic manufacturers will experience no competition, prices will go higher than ever, and Mr. Wood's dividends will rise above the 1919 figues. The whole purpose of shutting out foreign goods is to enable the domestic manufacturer to mark up his prices.

How much American capital and labor need protection from the "pauper labor of Europe" may be inferred from the fact that in 11 months of the last fiscal year our imports of wholly or newly manufactured goods were $1,384,349,785 and our exports of wholly or partly manufactured goods were $3,476,424,117. Of this las titem more than two and a half billions were goods ready to enter into consumption. The Republican convention was ashamed to repeat the obsolete drivel about protecting American labor from pauper competitin, but Mr. Harding's spokesman is less intelligent! the candidate has learned nothing since the McKinley tariff of 30 years ago.

Man Trapped by Flames; Girls Saved by Heroic Elevator Boy

New York August 6.—A crowd which gathered yesterday at a fire at Lafayette and Walker streets saw Benjamin Finked trapped on the fifth floor of a blazing building, cling to a window ledge for four minutes while firemen hastened to spread a net.

When he let go, he struck an awning on a floor below and his fall was deflected so that he missed the net and struck the sidewalk. Finked was taken to a hospital seriously injured.

Scores of workers, most of them girls, rushed to the street by way of fire escapes, while others were rescued by an elevator boy who made five trips through the flames.

MALE GODIVA GOES TO JAIL

Found in Chicago Not Even Clad in Righteousness

Chicago, Aug. 6.—Lady Godiva had nothing on Oliver Holfer when he appeared along West Side Boulevards yesterday. The police who picked him up, sans trusers, sans coat, sans everything said he was not even clad in righteousness.

The court was about to sentence Holfer when Officer Hemrick whispered to the judge.

"Them's my britches and coat he's wearin' your honor. How am I going to get them back."

"I will withhold sentence until you can take the prisoner into a back room and get your clothing," said the judge.

Holfer said two men had sold him whisky, took all his money and then robbed him of his clothes and turned him loose in the street in a dazed condition. He will have a month or two in the House of Correction to get another suit.

How Does She Do It?

Story of a Very Wise Woman

Everyone noticed her bright, happy face and soft, pretty hands. On Mondays, the blue wash day, her wash was out on the line by half-past nine—almost before the other women had started. Everyone wondered how she did it. Finally the secret became known.

She used the easy Clean Easy method of washing. She didn't have to rub and scrub clothes like other women. Her week's washing was finished in ten minutes each Monday—because she let Clean Easy Naptholeine Wash Soap do the work.

Clean Easy washing is the simplest, easiest and most economical way to wash in the world. Just imagine: You soak the clothes over night; cut up ½ bar of Clean Easy into 4½ gallons of water; boil, let chips dissolve and put in clothes. Stir for ten minutes; rinse, blue and dry.

It's all done. Your clothes are out on the line by 9.30. An average week's wash only costs you a few cents, for it only requires ½ cake of Clean Easy Wash Soap.

Ask your grocer for Clean Easy today. Let this wonder soap do wonders for you. Just notice how different it looks. Follow directions on inside of wrapper.

SEIZED RAIDER SOLD

Von Steuben Brings $1,500,000 From New York Syndicate

The famous former German raider

Kronprinz Wilhelm, renamed the von Steuben after her seizure by the United States, was sold by the United States Shipping Board yesterday to Ford Eggena, of New York.

The Von Steuben will be used by a number of American concerns for a floating exhibition of American products in an around-the-world cruise. The purchase price was $1,500,000, and the terms 12 1-2 per cent cash, $250,000 on October 20, $350,000 on November 20, $350,000 on December 20 and $362,000 on January 20.

Ford Eggena, as the representative of the Foreign Trade Development Cruise, when informed that the Shipping Board had announced the sale, said that 2,600 men would be put to work night and day refitting the Von Steuben. Accommodations will be provided for the representatives of 700 American manufacturers who will accompany their exhibits and demonstrate them in foreign ports. Eggena said that arrangements for representatives of 500 companies already had been completed.

THE EYES OF THE EXPERT are upon our shoe repair work and you will get precisely the same process here as in the finest shoe factory in the land. The only difference is that we work with old uppers and the factory works with new, but our soles, heels, thread, insoles, trimmings, findings, etc., are new and our work equals the factory's best. And you save many dollars during the year.

LEMON JUICE
FOR FRECKLES

Girls! Make beauty lotion for a few cents—Try It!

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White which can be had at any drug store, shake well and you have a quarter pint of harmless and delightful lemon bleach for few cents.

Massage this sweetly fragrant lotion into the face, neck, arms and hands each day, then shortly note the beauty of your skin.

Famous stage beauties use lemon juice to bleach and bring that soft, clear, rosy-white complexion. Lemons have always been used as a freckle, sunburn and tan remover. Make this up and try it.

VIRGINIA NEWS

Norfolk—Fire supposed to have been caused by sparks from a defective chimney, completely destroyed the Lynnhaven Hotel at Ocean Park early yesterday morning. The damage was placed at $25,000, and is partly covered by insurance.

Bristol—Virginia Shriners who are members of the Kazim Temple, at Roanoke, will meet here on September 6 for the first time in about five years, where they will hold their ceremonial, according to arrangements made at a meeting of Bristol members. The ceremonial will be held at the Billy Sunday tabernacle on Commonwealth Avenue, and the banquet will be held at the local high school.

Fredericksburg—Harrison Southworth, for 30 years clerk of the courts of Essex County, died Tuesday night at his home at Tappahannock, aged 80 years. He was a Confederate veteran with a record for bravery.

Danville—When a northbound freight arrived here early yesterday the body of W. B. Milsap, of High Point, N. C., a brakeman, was found caught on a drawhead between two cars. His skull had been crushed. It is believed that he failed to stoop when the train passed under a bridge close to the city limits. He was 30 years old.

Nine prisoners, led by a negro, had nearly removed the casement from a window and were about to escape from the Chatham jail when they were discovered yesterday. Herman Alley, who has a room near the town jail, heard heavy blows being struck and gave the alarm. A revolver, a monkey wrench, and several lengths of heavy piping were found in the possession of the men.

Richmond—James B. Pace, veteran city treasurer of Richmond, died at his home here yesterday aged 84. He came to Richmond from Danville shortly after the civil war and made a fortune in the manufacture of tobacco. Some of his brands gained worldwide celebrity. Services will be held from Park Place Methodist Church, which he built many years ago as a memorial to two of his children.

Winchester—Peter H. Mayo, 85 years old, died late yesterday at his country estate, near Millwood, Clarke County. He came from his home in Richmond recently. He served in the Confederate army during the civil war, and was the last president of the P. H. Mayo and Bros., Tobacco Company, Richmond.

Norfolk—William H. White, former Norfolk lawyer and for the last thirteen years president of the Richmond, Fredericksburg and Potomac Railroad, died yesterday afternoon at a Richmond hospital after a long illness.

Ride *Farther* on Goodyear Tires in Your Small Car

It is tire performance, not price, that decides what you really pay; hence, do not experiment with tires made to sell at sensationally low prices.

You can secure in Goodyear Tires, of the 30 x 3-, 30 x 3½- and 31 x 4-inch sizes, a high relative value not exceeded even in the famous Goodyear Cord Tires on the world's finest automobiles.

Goodyear experience and care are applied to their manufacture in the world's largest tire factory devoted to these sizes.

If you own a Ford, Chevrolet, Dort, Maxwell or other car taking these sizes, go to your nearest Service Station for Goodyear Tires; take advantage of the opportunity to get true Goodyear mileage and economy.

30 x 3½ Goodyear Double-Cure Fabric, All-Weather Tread $23.50

30 x 3½ Goodyear Single-Cure Fabric, Anti-Skid Tread $21.50

Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly casings when such sure protection is available? 30x3½ size *in waterproof bag* $4.50

DODSON SOUNDS CALOMEL' DOOM

The 'Liver Tone' Man Warns Folks Against the Sickening, Salivating Drug

Ugh! Calomel makes you sick. It's horrible! Take a dose of the dangerous drug tonight and tomorrow you lose a day.

Calomel is mercury! When it comes into contact with sour bile, it crashes into it, breaking it up. Then is when you feel that awful nausea and cramping. If you are sluggish, if liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad or stomach sour, just try a spoonful of harmless Dodson's Liver Tone tonight.

Here's my guarantee—Go to any drug store and get a bottle of Dodson's Liver Tone for a few cents. Take a spoonful and if it doesn't straighten you right up and make you feel fine and vigorous, go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it can not saivate or make you sick.

TRUSTEES SALE.

Of House and Lot in Del Ray

Under and by virtue of a deed of trust dated May 16th, 1908, and recorded in the clerk's office of the Circuit Court for Alexandria county in Deed Book No. 116, pag 534, and at the request of W. P. Wilson, administratar of Edward Wilson, payee of the note of $1,000, therein described and secured, default having been made in the payment of the said note and interest, the undersigned trustees in said deed of trust, will on Saturday, August 21, 1920, at noon, in front of the hereinafter described property, in the town of Potomac (formerly called Del Ray) in Alexandria county, Va., sell by way of public auction, to the highest bidder, for cash, the real estate described in said deed of trust, located in said town of Potomac, and consisting of two lots, numbered 467 and 468, in a certain plat of lots called Del Ray, as shown an a plat thereof recorded in said office in Deed Book No. "O"4, pp. 440 et seqs., together with the buildings thereon.

The residence thereon is a six room and kitchen building, with hot and cold water, and bath, and is located on the north side of Windsor Avenue, between Leslie and LaGrand Avenues, and will make a very desirable home.

This property was formerly owned by Jos. E. Sorrell, and was afterwards purchased by Frank L. Rose, now owned by Sansbury.

For further information apply to either of the following trustees.

SEARCH OUT THE GERMS OF RHEUMATISM

Find Out What Causes Your Suffering and Go After It.

Some forms of this disease have been found to come from tiny germs in the blood, which set up their colony in the muscles, or joints and begin to multiply by the million. You can easily understand, therefore, that the only intelligent method of treating such cases is through the blood.

S.S.S. is such a thorough blood purifier and cleanser that it can be relied upon to search out all disease germs and impurities and eliminate them from the system, and this is why it is such an excellent remedy for Rheumatism.

Go to your drug store and get a bottle of S.S.S. today, and if your case needs special attention, you can obtain medical advice free by writing fully to Chief Medical Adviser, Swift Laboratory, Atlanta, Georgia.

Three Great Bargains

11 rooms and bath on Pitt street, lot about 80x125; elevated position, plenty shade, wood work in perfect condition, needs papering and electric lights, at small expense can be made one of the most attractive homes in the city, or can, inexpensively, be converted into apartments, paying a very handsome return on the investment. The price is ridiculously low. Investigate this.

Six rooms and bath, brick, with corner store, a combination home and business proposition that can't be surpassed; in perfect condition, newly papered, electric lights etc. People who know, say this property would be cheap at $1,000 more than we are asking.

Nothing pays better than a good large rooming house, we have a handsome brick structure, containing about 30 rooms, large yard and plenty shade; has been paying about $150 per week net; could be converted into apartments at little expense; fully furnished and can be purchased at the very low price of $16,000. The prices on the above properties are low under any and all conditions.

CHICAGO WOMEN FACE JURY ON ELECTION FRAUD CHARGE

Chicago, Aug. 6.—The first Chicago women to be placed on trial in connection with election frauds sat calmly in court today and watched the selection of a jury. They are Mrs. Mary O'Brien and Miss Lillian Voss. They are accused of conspiracy to falsely tally election sheets to make fraudulent entries: Mrs. O'Brien was a judge and Miss Voss was a clerk of election during the maporalty primary last year. Neither would discuss the case.

Good Light Lightens Labor : :

Lighting the kitchen is like lighting a factory. Good lighting quickens production, as the factory man would say. In other words, it makes work go faster without the expenditure of any more energy.

Of all places needing more light and better light the kitchen in most homes is one of the most important. And when you have doubled or trebled the light in your **work** rooms, try it also in your **living** rooms.

If you find that doubling or trebling the illumination there mean glaring light, **don't** cut down the amount of lighting again—**shade** the light better! Keep the direct rays from striking the eye. Throw some of the light to the ceiling and walls.

In every socket—in every room from cellar to garret—use only
EDISON MAZDA LAMPS

If you will do that, you will find that a great deal more light in the room is decorative, pleasing and restful. It's not the amount of LIGHT that you find irritating in some rooms, but the amount of GLARE.

OUR METER MEN REPORT THAT A NUMBER OF OUR CUSTOMERS ARE USING CARBON LAMPS. WHY NOT BE UP TO DATE? USE MAZDA LAMPS—BETTER LIGHT—LOWER BILLS.

WORKERS INDICTED

Chicago, Aug. 5.—In United States court here yesterday a federal grand jury returned indictments against forty-one members of the Chicago Yardmen's Association and the United Enginemen's Association for alleged violation of the Sherman anti-trust law and the Lever act. The men were charged with participating in the "outlaw" railroad strike of last March.
